

Wisconsin Experts and Leaders Meeting with Students

Students & Leaders Network is a 501c3 nonprofit committed to offering Wisconsin students a direct connection to real-world professionals from a spectrum of fields using existing Distance Learning/ITV systems and our web site (StudentCareerInfo.com) featuring archived sessions available for streaming to classrooms and public viewing.

- Over 148,765 total students have participated live and online with 453 live sessions offered and 247 career planning videos available for streaming from the web site to their classroom.
- Evaluations showed 87% of students and 99% of educators “Strongly Agree/Agree” the sessions were valuable. 75% of evaluations were returned. It is the only program of this type in the country.

What We Do, and it is Free

[Highly qualified professionals](#) from a variety of careers tell their stories to students during 30-minute live sessions. Speakers cover how they decided on their field, education, other training/jobs/life experiences, and general tips for the students. It’s interactive; with student Q&A. It’s all done through your school’s Distance Learning/ITV system. And the best part is – ***IT’S ALL FREE!***

How it Works

Live Participation – Signing up is easy!

We send schedules of future speakers through WADEN directors, who send them to you. A [full speaker schedule](#) is on our web site where you can also register to get speaker listings emailed to you direct.

To enroll in a live session, first select the presenter you want. Then, check with your network director to see if your room/system is available at the time you want. With your network director’s contact information, and your own information, [go online to enroll](#). It’s a simple form and you can sign up for one or more speakers/sessions.

Video on Demand - Stream to your classroom, when you want!

Just connect to StudentCareerInfo.com to [Search Career Presentations](#) to find your topic. A comprehensive list of videos is also available: [Download/Print CAREER VIDEO ARCHIVE by Career Cluster](#).
